m u k u 夢久 2014

*The 2014 **muku** is a breath of fresh air, delicate to the senses, light on its feet like a ballerina in flight. Lift a glass and be confronted with the soft carress of rose petals, white peach and candied guava. Representing purity and innocence in Japanese, **muku** is pure euphoria in a bottle, innocent and disarming. This is a wine we are extremely proud of, and we recommend opening and enjoying it alongside all manner of foods and social situations.*

Enjoy now and enjoy often.
