yui 2017

結

yui represents unity in Japanese, signifying the strong bond between the teams who passionately grow our fruit in the vineyard and artfully craft our wines in the bottle. Dedicated vineyard blocks of Merlot, Cabernet Franc and Malbec have been specially designated just for *yui*. The 2017 vintage was produced entirely of whole cluster pressed juice, cold settled with short skin to juice contact, and cold fermented until dry to achieve crisp acidity, clarity, beautiful aromas and its signature pale pink hue. The result is a soaring achievement of bright fruit and fresh acidity, perfect for sipping on warm summer afternoons with friends and family.
